### **Summer B-B-Q – Sunday 26<sup>th</sup> August**

This promises to be the best event of the year - a day for all the family!

There's plenty of food including hog roast, burgers and selection of salads with a steel band playing throughout the afternoon, plus a bouncy castle for children of all ages.

The theme continues in the bar during the evening when the trophy presentations will be made to our billiards, snooker and squash competition finalists.

We will have the Bank Holiday Monday to recover!

**We are looking for volunteers to help at different times for a few hours during the day, also, if anyone has a gazebo that they can lend us, it will be most appreciated, please contact Phil.**

### **Rugby World Cup – September / October**

Alright we're not actually going to take you there, but we can do the next best thing!

Many of the matches are being shown on ITV1 so take advantage of the Club television and watch the matches over a pint or two with friends. The bar will be open for matches played during normal trading hours, and also those on Saturday afternoons for the two England and (for Gary) one Welsh games, plus any of the quarters, semi's and Final games showing before the evening session begins. Full details on the noticeboard.

### **Race Night – Saturday 27<sup>th</sup> October**

In conjunction with Smallhythe Cricket Club.

A mixture of conventional and not quite so conventional races, where you the punter can supply the owners, horses names and in some races the riders. So if you feel like a flutter but don't want to lose your shirt (after all the dress code does state that one should be warn at all times), then it would be great to see you there!

### **Cockney Night with John and Angie– Friday 9<sup>th</sup> November**

Corr blymey me old Sparra I can't believe me mince pies; they only got those two talented geezers John and Angie doing a blooming cockney night. So get up the apples and don your whistle, leave the saucepans with the basin sitter and get y'selves down the frog to the Elwick, for a very different evening. With your old china Phil laying on Sausage and Mash (thankfully not the rhying kind) and Liquor in addition to the normal Friday night menu, can't be bad!
